

The 11th CSE Autumn School & The 8th ALP International Symposium

This symposium is organized by PhD students at Graduate School of Chemical Sciences and Engineering (CSE) and Ambitious Leader's Program (ALP) for the purpose of collaboration and exchange of different fields.

DATE: NOVEMBER 4th (WED) - 5th (THU), 2020

PLACE: ZOOM

INVITED LECTURES

Prof. Dr. Yohei Shimizu

(Department of Chemistry, Institute for Chemical Reaction Design and Discovery, Hokkaido University, Japan)

“Carboxylic acid-selective α -functionalization enabled by boron activator”

Prof. Dr. Chi Lun Pang

(Surface Science Research Centre, University of Liverpool and Diamond Light Source, UK)

“Surface chemistry and engineering: imaging and manipulating single atoms and molecules on oxide surfaces”

PROGRAM

Invited Lectures, Oral and Poster Presentations, Recreations

- Students must have oral or poster presentation.
- Oral and poster presentation awards will be given for brilliant presenters.
- The poster session will take place in the zoom breakout room.

REGISTRATION

- Registration Fee : Free (Only install zoom)
- **Dead line : October 9th (Fri), 2020**
- Participants will be informed of the meeting ID and password.
- Contact : Yuhei Kumagai (y-kuma-bb515@eis.hokudai.ac.jp)

ORGANIZING COMMITTEE

Rina Takahashi (D2, ALP, CSE, Hokkaido Univ.), Chi Feng (D1, ALP, CSE, Hokkaido Univ.),
Zhensheng Yu (D1, ALP, CSE, Hokkaido Univ.), Yoshimi Kato (D1, ALP, Grad. Sch. Life Sci., Hokkaido Univ.),
Yuhei Kumagai (D1, ALP, Grad. Sch. Life Sci., Hokkaido Univ.), Takuma Ito (M2, CSE, Hokkaido Univ.)
Takuro Tsutsumi (D3, ALP, CSE, Hokkaido Univ.),
Prof. Dr. Yu Harabuchi (Fac. Sci., Hokkaido Univ.), Prof. Dr. Kiyotaka Asakura (ICAT, Hokkaido Univ.)
